(PN# 400-00569)

**PROMOTION**  
**\$21.99 each**

## Our Most Popular Diamond Plate Thresholds

- Diamond Plate Thresholds feature durable 17 gauge aluminum to resist wear and tear at doorways. The textured design surface provides traction for a non-slip environment. They have a 1-1/2" bend.
- The diamond-plate door threshold cap creates a solid step that can handle constant abuse from foot traffic and equipment wheels. It prevents wear and tear on the exposed edges of the floor decking at the entrance of the shed; thus, ensuring years of use without cracking, splintering, or delaminating.
